

WMT AG is a newly established biotech company in beautiful Heidelberg committed to developing novel gamechanging cancer therapeutics. Our founders team has a depth of 100 (wo)manyyears of experience in the field of drug discovery and has brought four new drug candidates into clinical development. We are looking for several self-motivated interns for 3-6 months of paid-for internships with an option for a fulltime position offering thereafter. You get the rare chance to participate in and contribute to the development of novel cancer therapeutics.

# Cell & Molecular Biology Intern

## Your responsibilities will include:

- Experimental characterization of small-molecules in biochemical and cellular assays.
- You can develop your skill base through working with experienced chemists and biologists
- You will use diverse software tools to analyze data and prepare figures.
- You will participate in team and project meetings experiencing project progress live.

## Your experience/qualifications are:

- Bachelor's or Master's degree in Life Sciences (Biology, Biochemistry, Molecular Biology or related)
- A positive attitude and willingness to learn and work hard
- Knowledge of basic laboratory equipment and experimental techniques
- Excellent written, verbal, communication and interpersonal skills

## We offer to you:

If you want to experience how it is to make an impact, how to work successfully and take decisions on challenges, how to work in small teams with flat hierarchies in a professional and at the same time humane atmosphere then we would be delighted to welcome you in our team of individuals from diverse backgrounds and cultures. We love open-minded and proactive individuals who take responsibility. The position is an excellent chance to gain valuable, real world work experience in the biotech industry and acquire professional training of skills you will need there. This will make a solid addition to any resume.

If interested, please send us your letter of motivation to [jobs@wm-therapeutics.com](mailto:jobs@wm-therapeutics.com), along with clear and concise application documents and an indication of your availability. We are looking forward to your application!
